6 Only two years ago in September 1920, Govt. considered that the removal of the village in question is a drastic measure likely to entail great hardship on the villagers and ordered that they were not prepared to re-open the question.

7. Whether the question may now be re-opened as promised in the Dewan's reply to the Address presented by the K. G. F. Mining Board is a point for orders. The Committee constituted for the periodical

Office of the Dewan of Mysore.

NOTE.

Dated.... 5th January .....1924.

36)

Representation has been made regarding the precarious state of the supply to the Bathamangala Pumping Station. I should be glad to know when the new pipes ordered from England will arrive and what steps have been taken to improve the situation with reference to the Dewan's last inspection tour. Information may also be furnished as to the steps taken to ascertain from Poona, by personal inspection, particulars relating to chlorin process.

To The Chief Engineer, Irrigation, with compliments.

E.W.U.

3893-23

22314

DEWAN'S OFFICE.
RECD. ON JAN 9 1924
REG. NO. Le 708

35) Resubmitted to the Dewan of Mysore.

36) 2. On account of the failure of the monsoons in the area, the Bethamangala and Holali tanks have not received the usual supplies. As such the level of water in the tank is the lowest on record at this season of the year. It is apprehended that if the early showers in April are not received, we may have to resort to subsidiary pumping proposals for which are already under consideration. The Mining authorities who want a guarantee of 900,000 gallons per day are being intimated that the guarantee is given with the proviso that the consumption may be economised in view of the low storage in the tank.

37) 3. The shipping documents for the first consignment of pipes for the renewal of the Rising Main are already received and these pipes are expected shortly, and the work will be undertaken immediately on receipt.

38) 4. Regarding points noticed in the Inspection Notes-

(i) Improvement of Filtrate.- One of the filters is being charged with finer grade of sand and the results of quality of water will be watched. If improvement is observed, action will be taken to use this grade of sand for all filters.

Estimates for increasing the capacity of the settling tanks are also under contemplation.

39) 4(ii) Action to be taken promptly on receipt of papers.

SIR,

With reference to G.O.No.R.4289-95/L.B.85-19-12 dated 24th September 1920, directing that the question of shifting the Kodihal village cannot be reopened, I am directed to forward the accompanying copies of resolutions passed by the Committee constituted for the periodical inspection of the Bethamangala Water Supply at their meetings held on the 8th May and 19th August 1922 and to state that, as resolved by the Committee, the removal of the village is necessary for preventing contamination of water of the Bethamangala tank. At the recent Session of the Representative Assembly at Mysore, the question was mooted by the Kolar Gold Fields Mining Board, when the Dewan was pleased to order that the question be investigated again-

2. I, therefore, request that necessary action may kindly be taken in the matter of the reconsideration of this question.

I have the honour to be,
Sir,
Your most obedient servant,

S. Cadambi
Secretary to Government,
P.W.Department.

D.O.C. 1965/Gl 22-23

Office of the Revenue Commissioner in Mysore.

Dated, Bangalore 29th May 1923.

Dear Sir,

With reference to your D.O.letter No.L.7154 dated 23rd April 1923, calling for my opinion regarding the question of shifting the Kodihalli Village with a view to prevent contamination of the water of Bethamangala Tank, I am herewith forwarding a copy of the letter No.O.C.1311/22-23 dated 22nd May 1923 from the Deputy Commissioner. Kolar District, submitting his report regarding the cost of acquisition of the land and of the houses of the present occupants. Under the circumstances the village may be shifted as proposed as this is considered by the Committee to be quite necessary.

Yours Sincerely,

K Chandy

To

T.E. Jayarama Aiyer Esq. B.A. B.L.

Revenue Secretary to the Government,

Bangalore.

Letter No.O.C.1311/3 dated 22nd May 1923 from the Deputy Commissioner, Kolar District, to the Revenue Commissioner in Mysore.

With reference to your Memo No.C.1965/G1.22-23 dated 17th January 1923, re the question of shifting of Kodihalli village, Bowringpet Taluk, with a view to prevent contamination of the water of the Bethamangala tank, I have the honour to state that the cost of the acquisition of the land and the houses of the present occupants is estimated at Rs.3,000/-.

I have inspected the place. S.Nos. 3 and 4 of Kodihalli village seems to be the most eligible sites to shift to and the villagers are willing to shift to either of them. The Medical Officer of Health, K.G.F., is of opinion that survey number 4 may be selected in preference to survey number 3.

The extract of "Khetwar Patrika" enclosed shows that survey number 4 is a shanbhogi service inam with an extent of one acre 29 guntas and assesed at Rs.2-4-0.

The enclosures (3) received with your memo under reference are herewith resubmitted.

" C O P Y "

Revenue Commissioner.

Bangalore.

Sir,

With reference to my letter No.C.199 of 26th September 1923, re shifting the Kodihalli village, I have the honor to inform you that the sum of - - Rs.2,071/- required for the purpose cannot be reappropriated since no funds are given under "41, Other Works, Kolar Gold Fields Capital Account" during the current year.

2. Necessary arrangements may kindly be made to obtain early orders of Government in the matter of shifting the village and funds, required for the purpose.

I have the honour to be,
S i r,
Your most obedient servant,

J. Bhore 26-1-24.
Chief Engineer for Irrigation.
